### OBITUARY

#### JOHN BEIFUS

Word was received in the city today that John Beifus, a resident of the district for the past thirty-two years, had passed away at his home west of the city, early this Thursday morning. The funeral will be held on Saturday of this week at the German Baptist church, at 2 p.m. Further particulars were not known at time of going to press.

#### JOSEPH HOPE

Another of the pioneer residents of the Millet district was called to his long home on Sunday in the person of Joseph Hope, at the age of sixty-nine years, two months and nineteen days. He had been suffering for some time with apoplexy. Deceased was a native of Norway, and had been a popular and highly esteemed resident of the Millet district for nineteen years. He leaves to mourn his loss, a wife and family of two daughters and one son, namely Mrs. Thengold, of Gibbons, Alberta, and Anale and Melvin, at home, besides a large number of friends and acquaintances. The funeral was held on Wednesday afternoon, service being held at the late residence and at the graveside by Rev. A. O. Boraug. The interment took place in the Wang cemetery.

#### JOHN MIDTDAHL

A gloom was cast over the community on Wednesday morning of this week, when it was learned that John Midtdahl of the Battle Lake district, had passed away at the Wetaskiwin hospital. He had been brought to the hospital only a few days ago, when his condition was found to be such that nothing could be done for him, and he rapidly sank until the end came peacefully early Wednesday morning. He was born in Norway and was aged thirty-one years and four months. He had been a popular resident of the Wetaskiwin district for the past twenty years and was unmarried. He leaves to mourn his loss, his parents, Mr. and Mrs. John Midtdahl, of Battle Lake, and a large circle of friends and acquaintances. The funeral will take place on Thursday of this week, service being held at Moore's Undertaking Chapel at five o'clock by Rev. P. M. Meyer. The interment will be in the Wetaskiwin cemetery.

#### H. T. FIVELAND

Another pioneer of the Westeros district passed away on March 22nd in the person of H. T. Fiveland. He was born in Norway in 1853 and emigrated to the United States in 1891 where he lived in different parts until 1906. In that year he came to this community and has resided in the Westeros district since that time. He leaves to mourn his loss a widow, three daughters and six sons.

The funeral took place on Wednesday, when the remains were laid at rest in the Hegge cemetery.

#### MRS. WM. DIXON

News has been received in the city of the death of Mrs. Maude Dixon, wife of Dr. W. Dixon, of Portland, formerly of Edmonton, which occurred on Thursday, March 26. Dr. and Mrs. Dixon were residents of the city for some years, having made their home at 10719 95th avenue. At the winter carnival in January, 1923, Mrs. Dixon was the victim of an accident on the 107th avenue, which resulted in receiving injuries which made her an invalid, and finally led to her death. Mrs. Dixon leaves to mourn her loss her husband and three children, Fulton, 13, Margaret 14 and Bruce 16 years of age—Edmonton Journal.

Mrs. Dixon resided in Wetaskiwin for a number of years, and it is with the deepest regret that friends of the family learn of her demise.

Victory Chapter, Order of the Eastern Star will commemorate the sixth anniversary of the institution on Thursday evening of this week by entertaining the members of the Masonic order in their lodge rooms. All members of the A.F. & A.M. in the city and community are requested to attend.

### CURLING CLUB HAS ELECTED OFFICERS

The annual meeting of the Wetaskiwin curling club was held at the rink on Wednesday evening of last week with quite a large number of the enthusiasts of the popular winter game in attendance. The reports of the season's operations were given, which were found to be very satisfactory.

The election of officers resulted as follows:

Honorary Presidents—W. J. Loggie and Wm. Turnbull.  
Pres.—H. B. Hanson.  
1st Vice Pres.—O. Roulstone.  
2nd Vice Pres.—H. J. Wells.  
Chaplain—Rev. A. L. Elliott.  
Sec.—Treas.—J. S. Orr (re-elected).  
Executive Committee—G. L. Gohari, W. D. Poops, W. Gibson.

### FILE INCOME TAX REPORT THIS MONTH

Under a new act that came into force lately, the Business Profits War Tax Act and the Income War Tax Act are placed under the administration of the Minister of Customs and Excise. Taxpayers will this year file their income tax with the Collector of Customs and Excise at the nearest Port of Outport, to which they reside. Wetaskiwin taxpayers will therefore file their income tax returns at the local Customs Office. All returns must be filed before April 30th.

### WETASKIWIN YOUTH IN TROUBLE AGAIN

A Wetaskiwin youth, Charles D. Love, who set out on an adventurous career because he was not "wanted at home" as he alleged, had an early termination of his wanderings when he appeared in the police court on Friday morning before Magistrate Primrose, charged with the theft of a bicycle. He was remanded until Tuesday in order that his parents might be contacted with.

A constable stated that at 1:25 a.m. Thursday morning he saw the lad riding a bicycle up and down the parade of Whyte Avenue, and stopped to question him. The boy said he lived at Bonnie Doon and was on his way home, but on proceeding to the station he told the constable that he stole the bicycle.

In reply to the magistrate, the youth said that his father lived at Wetaskiwin, and that, as he was not wanted at home, he had come to Edmonton on a train. He pleaded guilty to theft of the bicycle and was remanded. According to the police, in 1921 Love served a term in the Portage reformatory for breaking and entering a store at Wetaskiwin—Edmonton Journal.

#### W. C. T. U.

Proceeds of the towel and unbleached cotton sale on the 4th, will be applied to Canadianization fund. A question in which all the people are interested.

Louise C. McKinney gives six reasons why we should forward with temperance work more aggressively than ever:

First—Because our work is as yet unfinished.

Second—Because carney games are roused and is fighting with all the power and all the skill he can command.

Third—Because we have learned that the safety of any law depends on the body of sentiment back of it.

Fourth—Because the open saloon constitutes a pitfall for every boy and girl and is a menace to every home.

Fifth—Because every moral problem we face is intensified because of drink and every reform for which we are working is retarded by it.

Sixth—Because we believe it is part of the unfinished task which the Master expects us and me to complete, and we will not fail him.

#### BORN

PRICE—At Brightview on the 27th March, to Mr. and Mrs. E. Price, a son.

### SPECIAL STOCK TRAIN FOR EAST

On Friday last a special train of stock from Wetaskiwin left for the eastern markets. The train was made up of thirteen cars of hogs being shipped by Johnson & Johnson for the Toronto market, and five cars of cattle, the property of Adam Kaiser, Jr., which were going through to the Winnipeg market. As this was a "stock special" it is expected that the C.P.R. will make a record run for stock to Winnipeg.

### First Parties of British Settlers Reach Halifax

Halifax, N.S., March 29.—The first large party of British farmer settlers to arrive in Canada under a joint arrangement between the Canadian and British governments by which these families will be assisted to settle on farms in Canada, reached Halifax today by the steamship Canopic. They proceeded at once to their destinations in Ontario and the western provinces by special train.

The parties consisted of 31 families, totalling 157 souls, and were an exceptionally fine lot of settlers, especially selected by officials of the Canadian government immigration department in Great Britain and Ireland. The men have all had farming experience and they, their wives and children have been selected with a view to securing settlers likely to prove successful in Canada. Cash assistance to the extent of three hundred pounds to each family is being provided, as a loan to the British government, to establish these settlers on their land, buy equipment and supply necessities, until the farms are productive. Assistance is also given jointly by the Canadian and British governments toward the cost of transportation, as a loan to adults and a free grant to children. In addition, each family has some personal capital of its own which will be used in making a start on the land.

Upon arrival here, and after completion of the immigration formalities, the party was turned over to the land settlement branch of the Canadian department of immigration and colonization, the families will be immediately placed in farm homes which have been prepared and are ready for their reception, but no farms will be actually sold to the newcomers until the men and other boys have worked with the neighboring farmers and have shown aptitude in Canadian methods likely to assure their success.

The farms will be sold on 25 year terms with payments arranged in such a way as to amount to little, if any, money, but the grant to the land, all advances, except the grant for the transportation of children, are to be ultimately repaid.

With the exception of one family for Nova Scotia, the present party is moving entirely to Ontario and the western provinces, but different parties are to be distributed also in Quebec and the Maritime provinces.

#### W.C.T.U. SALE

The W.C.T.U. will hold their annual sale of miscellaneous articles, in the parlors of the City Bakery, on Saturday, April 4, from 3 to 6 p.m. Tea will be served, and a table of appetizing home cooking will be an attractive feature.

Various articles, made of unbleached cotton, also pillow slips, towels, notions, etc., will be offered at reasonable prices. Donations of any kind will be gratefully received.

The Provincial W.C.T.U. supports a Ukrainian worker among his own people, in the northern part of Alberta, and the proceeds of this sale will be applied towards this missionary temperance project.

Everyone is invited to attend and thus have a share in this movement of social uplift for our province.

#### COAL LAKE U.F.A.

The regular monthly meeting of the Coal Lake U.F.A. local will be held on Friday evening, April 3, at the home of H. E. Jeglum. One of the U.F.A. members of the legislature will be present and give a short talk on the work of the present session.

### KIWANIS CLUB PLANS SEASON'S ACTIVITIES

Meetings to be Held in the Country with Farmers as Guests.

#### BUSINESS SESSION HELD

Sponsors a Memorial Park and Swimming-Pool

A business meeting was held at the conclusion of the luncheon of the Kiwanis Club on Tuesday evening, when several proposed activities of the club for the summer were discussed and approved. President H. R. French was in the chair.

Secretary George Jones reported the executive recommended that an immigration committee be appointed to work in cooperation with the Central Alberta Colonization Association, which was organized in Edmonton recently. This met with the approval of the members and the following were named to take up this work: Wm. Barry, J. P. Johnson, L. H. Newville, A. S. Rosenroff and K. W. Manly.

President H. R. French was elected to attend the conference at Winnipeg in June, and also the international convention to be held at St. Paul immediately following the Winnipeg meeting. V. C. French was named as the alternate delegate.

A dance will be held in the evening of Easter Monday. The proceeds from which will form the nucleus of a fund for the purchase of a park as memorial to those who made the supreme sacrifice during the great war.

The club also suggested that meetings of the club be held in several communities in the Wetaskiwin district during the summer, when each member would have a resident of the district as a guest, and pay some organization for the meal in the usual way. A speaker from the university department of agriculture would give an address on the occasion. It was thought that meetings held in the country would create a better feeling between the farmers and the city, and the idea was met with the unanimous endorsement of the members.

The club also went on record as being in favor of a Memorial park and swimming pool, and the committee was asked to bring in recommendations as to site and the probable cost of same. In the general discussion on the subject it was thought advisable to have the members of the club, rather than spend a lot of money on a tablet. It was suggested that the swimming pool would be about 25 x 60 feet, and connected with this would be a nicely laid out park where the kiddies could play. This could also be used as a camping place for tourists. The land could be purchased this spring, fenced, and the trees set out. Kiwanian Newville thought the farmers of the community would take a keen interest in a project of this kind and would probably form a pool and land grant and assist in other ways in the construction of the pool, when it was to be a memorial for the boys of this district.

Several suggestions were made as to how the funds for this memorial could be raised, and it was felt that there would be no difficulty in "putting the thing over" if the people of the city and district would do their little "bit."

#### HOSPITAL DONATIONS ARE ACKNOWLEDGED

The matron of the Wetaskiwin hospital desires to gratefully acknowledge receipt of the following donations, which have recently been received:

One window shade from the I.O.O.F.

Two pairs of curtains from the Women's Hospital Aid.

One plant for the nurses' table from Mrs. R. D. Robertson.

Pay up your subscription now!

Look at the label on your paper.

### ROULSTONE BROS. SELL BUSINESS

A business deal of considerable importance was consummated in the city this week, when Roulstone Bros. disposed of their hardware and furniture business to H. E. Chalmers of Tisdale, Sask. We understand the new owner will not take possession until about May 15th, as he and his family will motor over. The future plans of Roulstone Brothers are not very definite, but it is not likely they will leave the district for some time at least.

### The Wheat-Stem Sawfly is Gaining Ground in Alberta

(By Prof. E. H. Strickland)  
In the Press Bulletin published on March 28, 1924, we drew attention to the fact that the Wheat-Stem Sawfly had made its appearance in destructive numbers in several districts of Alberta.

The ravages of this pest have been so severe in neighboring provinces that we greatly fear it will become the most serious menace to profitable grain production in Alberta unless immediate steps for its suppression are taken by everyone upon whose fields it is present.

It is so essential that this insect be not allowed to gain a firm foothold in this province that we would urge everyone to familiarize himself with the methods of recognizing the first signs of this pest and to adopt, without delay, the necessary measures that will prevent its widespread infestation of grain.

These are discussed in some detail in the Press Bulletin referred to above, and copies of this are available for distribution at the University.

The most important points to note are, briefly, as follows:

1. In Manitoba the fly was present in 1914 in about the same numbers in which it now occurs in infested parts of Alberta. By 1922 it had greatly increased so that it destroyed, in that year alone, 3.5 million bushels of grain. In some fields 75 to 90 per cent of the culm stand was infested.

2. We know of no natural factors that will prevent a similar spread of infestation in Alberta.

3. Areas now known to be infested are the districts surrounding Medicine Hat, Brooks, Gleichen, Munson and Coronation. Probably other areas will be found to be similarly infested if a more careful examination of fields is made by farmers in other districts.

4. Damage appears a few days before harvest, when a few straws on the edges of fields are seen to be cut from the plants and to be lying on the ground.

5. The insect may be present for the middle of the following May, if neglected, it will suddenly invade the entire field.

6. Every field, or part of a field, that is infested, must be well plowed at some time between harvest and the middle of the following May. Early plowing is preferable, but all stubble that was infested last fall should be plowed this spring.

7. Cooperation is essential. A lightly infested field is as serious a menace to the district as is one that is heavily infested.

8. Methods have been evolved for reducing actual losses from this pest, but once it becomes established we know of no method for its eradication. It will cause permanent and increasingly severe annual losses.

9. All fields known to be infested with sawflies should be reported at once to the University.

#### WHAT'S THE USE?—LOTS OF USE

"What's the use of trying to do my work well?" said Bill. "The boss never sees it."

"No, but you see it," said Jim. "Is it not worth anything to you to be able to feel that you're doing the best you can?"

Later, Jim was made head of his department, then superintendent, and finally general manager. Bill is still behind the counter.

The boss often sees a lot more than he talks about. He doesn't tell all he knows.

Look at the label on your paper.

### TOWN LEFT WITHOUT LIGHT, HEAT, WATER

Macleod, March 30.—Owing to a bad break in the gas line at Willow Creek, four miles from Macleod, the town is without gas, light or water. Repair crews are being rushed in from Lethbridge and Calgary, and it is expected that the necessary temporary repairs will be made by tonight. The break, which was caused by the breaking of the ice in the creek, happened at 2:15 Monday morning.

It is certain Macleod will be without gas until the repair is made, and there is some uncertainty about the supply of light and water, as gas is used as the fuel in the pumping and generating station. To make matters worse for all concerned, Macleod is at present in the grip of a bad snow storm, and the thermometer around freezing point.

### LEDUC MAN FOUND GUILTY OF ASSAULT

The criminal case of Rex vs. Herman Schanahan, charged with assault causing actual bodily harm on one John Sturtz of the district of Leduc, was heard at Leduc before His Honor Judge Lees on Wednesday last.

March 24th. The accused was found guilty of the offence and was remanded for sentence to Wetaskiwin until Tuesday of this week. He was then allowed to go on suspended sentence on entering into a bond for \$1000.00 for one year to keep the peace towards John Sturtz and all other subjects. Alexander Knox for the accused. W. H. Odell for the Crown.

### "SMILIN' THROUGH"

The great London and New York success, "Smilin' Through" will be staged at the Angus Theatres on Tuesday evening, April 14. "Smilin' Through" is recognized as one of the greatest successes of the past decade and it will be welcome news that it will play as a special Easter week attraction at the local theatre.

An old fashioned garden in old England, sunny old folks, two or three youngsters, some love making, a little comedy, a dash of tragedy, a tear or two, with more laughter, and of course, the happy ending; what better ingredients for a play to please all?

"Smilin' Through" is the story of an old man, guardian to a winsome Irish colleen, who because of a deep tragedy in his own life, fifty years ago, refuses to allow her to marry the son of the man who brought unhappiness into his own life. How he is finally won over, by his old enemy, the doctor, with the help of the girl, is told in a play which carries with it all through, a distinct charm and freshness, with a moral preachment which hurts no one, and everyone agrees with it, because it is well in line with the popular tastes of the day.

The play is under the direction of Messrs. Davis and Bolton, and these producers have engaged a group of artists who will do full justice to each character in the play and will thus make "Smilin' Through" one of the most outstanding successes that has ever played Wetaskiwin. The cast includes Miss Maxine McLeay, Miss Alta Macdon, Miss Mildred Williams, Wilfred West, Mr. Maurice Sanderson, Mr. E. C. Davis and M. T. Dalkin. The seat sale is now open at the Northern Drug Co., and in order to get the best seats, early reservations are advisable.

#### I.O.O.F. SMOKER

The Oddfellows of Wetaskiwin Lodge No. 8 are holding a smoker and entertainment in their lodge room on Monday evening of next week, April 6th. All members of the order in the city and district are requested to attend.

#### "HEY, SKINNY; C'MON OVER!"

Big dance on Easter Monday, good music, good eats, novelties, "heavenly things!"

The proceeds will go toward starting a fund for a Memorial Park and Swimming Pool. Come on, everybody and have a real good time, and help erect a living memorial to the boys "who did their bit." Tickets \$1.00.

### WEDDINGS

#### HARRIS—DOUGAN

On March 30th, Wilbert Dougan, only son of Charles Farley and Emma Marie Harris of Macleod, and Dorothy, eldest daughter of John and Annie Dougan, late of Wetaskiwin, were joined together in holy matrimony.

The wedding, which was very quiet, took place in St. Mary's church, Edmonton. The Rev. W. J. Jones, of Wetaskiwin, officiated. After the ceremony, the happy couple left for the bridegroom's farm near Ponoka. Mrs. Harris' many friends will wish her every happiness in her new home.

#### BURNICK—BERRY

At 10 o'clock on Saturday morning, March 21, in the First Methodist church, Miss Hannah Berry, second daughter of Mr. and Mrs. Wm. Berry, of Wetaskiwin, became the bride of Carl Lincoln Burnick, radio operator of the U.S. Flagship "California." Miss Berry has been making her home with her aunt and uncle, Mr. and Mrs. C. R. Berry, in Highland Avenue, for the past few months, and has many friends who will be interested in the announcement of her marriage.

The Rev. Walter C. Loomis read the impressive ceremony and the bride appeared very attractive in her gown of coral, with a lovely spring bouquet of pink sweet peas and roses, as the nuptial vows were exchanged.

Accompanying the betrothed couple to the church were Mr. and Mrs. C. R. Berry, Mr. and Mrs. John Berry, Miss Elizabeth Berry and Harold Berry, all of San Bernardino.

Mr. and Mrs. Burnick will have only a brief honeymoon before the California leaves of a six months' cruise, sailing from San Pedro on April 3. Mr. Burnick, who came here from her former home in Alberta, Canada, will spend a part of the time with her relatives here while awaiting the return of Mr. Burnick in October—San Bernardino Evening Times.

### SHOWER FOR BRIDE-TO-BE

The home of Mr. and Mrs. Matt Johns, at Duhamel, was the scene of a happy gathering of relatives and friends on Saturday, March 21, the occasion taking the form of a miscellaneous shower for their eldest daughter, Mrs. Burnick.

The afternoon was made merry with music and singing, after which a mock wedding was performed. Immediately following this the bride-to-be was presented with the numerous gifts.

After a most generous lunch all left for home, wishing Miss Johns every possible happiness in her new home.

#### The I.O.E. War Memorial

In order to perpetuate the memory of the men who gave their lives in defence of the Empire in the Great War, the Imperial Order Daughters of the Empire, has inaugurated a War Memorial which should be of great educational value to the youth of Canada. It includes bursaries in Canadian universities, overseas post graduate courses and the placing of historical pictures in schools.

Nine bursaries—one for each province—are being offered annually for a period of eighteen years. For these bursaries only the sons and daughters of totally disabled or deceased soldiers or sailors are eligible.

These bursaries are for \$1200, \$300 a year for four years. The pupil has the choice of which university they wish to attend.

Overseas post graduate scholarships for studying in British universities are also offered. One of these scholarships is given to each province annually.

How much more effective a living memorial of this kind than one of marble!

The local chapter of the I.O.E. are holding a Violet Tea and Food sale and Tag Day on Saturday, April 11th in aid of this memorial.

#### I.O.E. MEETING

The regular meeting of the Peace Hill Chapter, I.O.E., will be held at the home of Mrs. Wiseman on Tuesday evening, April 7, at 8 o'clock.

# BACON COURSE IS SUCCESSFUL AT LACOMBE

Lacombe, March 28.—One of the  
best moves ever undertaken to clear  
up the problems facing the producers  
of bacon hogs in the west, was the  
general opinion expressed at the con-  
clusion of the two-day short course  
held under the auspices of the domi-  
nion livestock branch, the experimental  
farms branch, the provincial depart-  
ment of agriculture and the University  
of Alberta, at Lacombe on Thursday  
and Friday. More of these courses  
stated J. M. Southward, winners of  
first honors at last year's demonstra-  
tion at Edmonton, would show Alberta  
farmers a solution for many of their  
difficulties in raising select hogs for  
market.

A good attendance on both days of  
the course, in spite of the unfavorable  
condition of the roads in the district,  
and a lively interest on the part of all  
present in the problems of meeting  
market requirements testified to the  
success of the course.

The session was opened by H. A.  
Craig, deputy minister of agriculture,  
who reviewed the steps leading up to  
the initiation of the grading system at  
present in force, and emphasized the  
steady improvement noticeable in the  
general quality of hogs marketed in  
the west. The department of agricul-  
ture, said Mr. Craig, is solidly behind  
the bacon hog campaign.

A. A. McMillan, head of the sheep  
and swine division of the Dominion  
livestock branch, clearly outlined the  
approved bacon type in live hogs,  
stressing the importance of length,  
smoothness and finish for the pro-  
duction of the more valuable cuts.  
Two classes of finished bacon hogs  
were placed by Prof. J. Sackville of  
the university of Alberta and J. J. Mc-  
Callum of Ottawa, and L. T. Chapman,  
assistant superintendent of the La-  
combe farm followed with an outline  
of the system of feeding and man-  
agement best adapted to the production  
of the bacon type. Mr. Chapman em-  
phasized the value of exercise and  
summer pasture in the development  
of bacon animals at the lowest possi-  
ble cost.

A strong plea for cooperative ship-  
ments of hogs from country points  
was made by N. Currie, dominion re-  
presentative at the Edmonton stock-  
yards, as a means of securing the best  
results from the services of the gov-  
ernment grader. It was also suggest-  
ed by this speaker, that a system of  
grading to be carried out by buyers  
at local points would be a move in  
the interest of the producer.

Friday morning was occupied with  
a discussion of breeding stock type  
from classes of Yorkshire, Tamworth  
and Berkshire. It was pointed out,  
in answer to questions, that the latter  
breed, while steadily improving in  
point of bacon quality had not as yet  
shown up, as well as the former two  
in stockyard receipts.

An interesting judging competition

## MANY WOMEN SUFFER AGONY FROM BACKACHE

Women are the greatest sufferers  
from backache, owing to the contortions, bend-  
ing and lifting so necessary to attend  
to their household duties.

Don's Kidney Pills will give per-  
fect relief and comfort to all women  
who suffer from backache, or other  
kidney troubles, and make their house-  
hold duties a pleasure instead of a  
burden.

Mrs. Edward Mich-  
elson, 145 Castaigne  
St., Guelph, Ont.,  
writes—"I have  
been in a terrible  
condition on account  
of having such awful  
pains in my back.  
In fact I was so bad I was unable to  
cease my weeping several times be-  
fore I could finish it.

Since taking Don's Kidney Pills  
I have found great benefit, and can-  
not recommend them too highly."

## A FEW CLEARING SUITS

In striped Worsteds and Tweeds, Clearing at  
\$11.95

was held in which practically all the  
farmers present took part. A  
number of hogs had been brought  
down from the Edmonton yards ex-  
pressly for the course to illustrate  
proper bacon type and also some  
common defects in type.

Six hogs in the lot graded "select"  
and when graded again as carcasses  
by a different grader, the same num-  
ber were classed as Wilchises.  
A cutting demonstration, illustrat-  
ing the value of the better cuts of  
the carcass, was put on by L. Hudgo  
of the Swift Canadian plant at Ed-  
monton.

The Western Canada Livestock Union  
president G. H. Hutton, is  
presently in favor of the bacon hog  
campaign in the province.

Frank Baker, newly appointed west-  
ern representative of the Industrial  
and Development Council of Canadian  
provinces, outlined a number of points  
in which farmers could increase the  
value of their hogs.

Inquiries have been received. It is  
stated, from Red Deer, Hardisty and  
a number of other points in the pro-  
vince where it is desired to hold simi-  
lar courses to the one just concluded  
at Lacombe.

## MERITED REBUKES

"Your whiskers," I remarked to  
Brown, "offend most every one; I do  
not like to call you down, but duty  
must be done. Much rather would I  
go my way, my course in silence went  
than have a carping word to say of  
your alfalfa, friend. We're striving  
here to make the towa modern lawless-  
ness, to give to it a world re-  
nown as having charm and grace,  
and strangers come by every train to  
view these gorgeous scenes, and oh,  
it fills their souls with pain to see  
your whiskers." "This is no place  
to settle down," they say, their faces  
brown, and so I beg of you, Jasper  
Brown, to go and buy a shave." You'd  
think he'd profit by my words, which  
show his course is wrong, and burn the  
beard in which the birds have built  
their nests so long. Instead, I see  
him in the throes of anger, and he  
cries, "I hate to speak about your  
nose, a thing of gorgeous dyes; I hate  
to criticize your back, that glistens  
in the sun; for kindly things I fail to  
speak, but duty must be done. Now  
strangers come from east and west,  
from Hackensack and Nome; they  
come in droves, at our beck, to make  
this place their home. They come, a

Once in an English class the teach-  
er assigned a composition to be writ-  
ten. "What's the big idea?" deman-  
ded the boss. "I am sorry," replied the  
barber, "but while I was shaving I  
talked myself into a shampoo, haircut  
and massage."

**SEED GRAIN RELIEF**  
Edmonton, March 28.—Seed grain re-  
lief advances given through municipal-  
ities and improvement districts which  
are now in default amount to nearly  
\$5,000,000, the legislature was in-  
formed yesterday by Premier Greenfield  
in reply to a question by S. G. Tobin,  
Liberal, member for Leduc. In addi-  
tion, there is the sum of \$651,673.60  
outstanding on this account which is  
not yet in default.

**A PARDONABLE MISTAKE**  
An Irish laborer boarded a street  
car and handed the conductor a rather  
dilapidated looking coin in payment  
of his fare. The conductor looked at  
it critically, and handed it back.  
"That's tin," he said.  
"Sure, an' I thought it was folvee,"  
answered the Irishman, complacently,  
as he put the piece back in his pocket  
and produced another nickel.

A barber reported to work two hours  
late. "What's the big idea?" deman-  
ded the boss. "I am sorry," replied the  
barber, "but while I was shaving I  
talked myself into a shampoo, haircut  
and massage."

Why a Board  
Of Trade?

The following is an extract from the Canadian's report of an address given at the Board of Trade banquet at Camrose Tuesday evening:

Mr. Blue asked, "Why a Board of Trade?" or why is a board of trade in a town necessary? Boards of Trade, or Chambers of Commerce, have come into being in a quite natural way because they have and are fulfilling a function in public life that councils and other organizations, whose scope is limited, cannot fill. The Board of Trade is, according to Mr. Blue, the most democratic organization in existence, and has grown to be a national movement. Its work is to create better understanding and greater harmony among the citizens of a community and particularly between urban and rural residents. Another work it has to perform is to promote business along fair, competitive lines, and justify and strengthen the faith of the public in business methods. Another important part of the Board of Trade plays in the life of a community is in the assistance it can render in solving many of the weighty problems that confront the country from time to time, many of them national in character, such as immigration and freight rates.

Mr. Blue emphasized the need of keeping a firm and sane grasp on all departments of trade and industry when the period of expected prosperity arrives. Experience has taught that periods of depression can, to a large extent be avoided and this is one of the important matters in which Boards of Trade can be of great benefit.

Cutting  
Costs

The problem of getting production and distributing costs down to a bed rock basis has taxed the brains of many manufacturers, wholesalers and retailers to a great extent during the past three or four years. The farmer too has not been without his worries respecting getting his work done cheaper, so as to be able to get his grain costs within the selling price of that commodity and in increasing his revenue from other sources to keep pace with increasing expenses.

Take the matter of interest for example. Corporations allowing debts drawing a high rate of interest are borrowing at low rates in these times of easy money, and are paying off the high interest charged and save considerable real money by doing it.

Owing to the cost of accommodation at the bank merchants have to charge their customers a higher rate of interest, for credit accommodation. In a good many cases their customers could borrow directly at the bank and pay the merchant, saving two or three per cent on the money by so doing. Notwithstanding many rumors to the contrary, the Canadian banks are still in the business of loaning money and do not often turn down the man whose credit is good and who wants the money to legitimate purposes.

Banks of course are not the only money lenders. There is a great deal of money on loan by the loan companies and insurance companies, and individuals. Such money is usually loaned for a longer term, but for the farmer who owes more than he can conveniently settle in a couple of years time, this sort of money is of more value than bank money which is expected back within a year at the outside.

It would be interesting to know how much money could be saved annually here in our own district by the farmers and others, were real efforts made towards that end by all.

PONOKA PATIENTS  
MOVED TO OLIVER

The population at the home for insane at Oliver has been increased by the transfer of fifty additional cases from Ponoka. These are all chronic cases of a pronounced type of insanity and have therefore been referred to the local institution in order to give more accommodation at Ponoka for hospital cases.

With this addition, there are now about 200 inmates at the Oliver home which has a capacity of 250 in the present buildings.

## THE CONSUMMATION

We had the pleasure the other day of spending some hours with the small committee charged with the responsibility of preparing the service of worship with which the great act of union of the three churches is to be brought to its consummation on Wednesday, June 10, next. To say that it was a highly esteemed privilege is to put the matter lightly indeed. Nothing that has been said during all the years of discussion on this question brought home so forcibly the greatness of the achievement of Church union, and the fact of how it links itself on to other great movements and events in the history of the Christian church, as did those few hours spent with those who are trying to provide a service which will be suitable for, and worthy of, such an occasion.

Church union, looked at from the point of view of that service, and under the spell and inspiration which a thought of it brings to one, is a vastly different thing from what it may appear to be as viewed from some other vantage points. Perhaps that is the view that many of us should try to secure at this juncture. June 10 will see the triumph of one of the greatest spiritual movements that the history of the Christian church has seen throughout all its history. Thinking not only of the immediate results within our own land, but of the far-reaching influences of the great church union movement throughout the world, one need not hesitate in making such a statement. To have any part in the working out and consummation of such an epoch making movement is surely a great honor and privilege.

But what about all the controversy and ill feeling through which we are passing, and the threat of the failure of legislatures to pass the desired legislation, and the many other perplexing and worrying and difficult things that seem to be hindering our enterprise and trying to take all the fine gloss off our joy and rejoicing? Well, it is easily possible to take them a little too seriously, not indeed that we should let anything worry and everything we can to further our cause. We are going to have June 10, and that will more than make up for all that has troubled us by the way. And we are not going to allow anything to take away the fine flavor of our rejoicing.

Did we hear some one say that perhaps church union might be checked yet, and that we might not have our June 10th after all? We are not frightened or dismayed one bit. The Congregational Church in its entirety, the Methodist Church without one single dissenting unit, shall we say, eighty per cent of the Presbyterian Church, desire church union; who pray, is going to deny it to them? It might be that we will be asked to pay more for it than we ought to be asked to pay; but if we have to, we will pay the bill and go on. Let no petting politician or any other individual fond of attending to other people's business get it into his head that he has the power to stop this chariot of the Lord! It isn't going to be done. And that isn't boasting—it is just the expressing of the settled conviction of a million or so people scattered over this country of ours who know what they desire, and know, too, that they have full right to it.

We are going to have our June 10. We are going to see the top-stone put on this new house of God to the accompaniment of psalms and hymns and spiritual songs—the people making melody in their hearts before the Lord. It is a consummation worth waiting and working for—Christian Guardian.

The Times classified columns are at the command of everyone and provide the most inexpensive, sure and reliable method of locating lost articles or animals, finding situations for those out of work, filling vacant positions, renting or selling houses and scores of other purposes.

## LIFE ON THE FARM

One of our subscribers seems to differ a little with some people who seem to think that life on the farm is one grand, sweet song, and sends us the following beautiful poem:

Down on the farm about half-past four  
I pull on my pants and sneak out the door;  
Out through the yard I run like the dickens,  
Milk ten cows and feed all the chickens.

I clean out the barn, curry Prince and Jim,  
Separate the cream and stop all the pigs,  
Work about two hours, then eat like a Turk.

Then, by heck, I'm ready for a full day's work.  
So I grease up the wagon, and put on the rack,  
Throw a jug of water in an old grain sack.

Hitch up the horses and hurry down the lane,  
Must get in the hay 'cause it looks like rain.

Look over yonder, sure as I'm born,  
Cattle on the rampage, cows in the corn,  
Start across the meadow, run a mile or two,

Reaving like I'm windbroke, wet all through,  
Get back to the wagon, then for recompense,  
Prince gets straddled in a barbed-wire fence.

Bones all aching, muscles in a perk,  
I'm fit as a fiddle for a full day's work.

Crops all in, winter getting nigh,  
Check up the books and heave a big sigh,  
Worked all season, didn't make a thing,

Got less cash than I had last spring.  
Some people say there ain't no hell—  
They never farmed, so they can't tell.

But as spring rolls 'round, I take an other chance,  
As the fringe grows longer on my old blue pants,

So I give my suspenders another hitch,  
My pants another jerk,  
And by heck, I'm ready for a full year's work.

## ABOUT MY COUNTRY

"While I am quite prepared to accept with due respect, many, if not all the opinions expressed by those who are called upon to review financial and industrial conditions in Canada for the past year, and to make forecasts for this, I am content to believe the evidence of my own eyes and experience. During the last summer and fall of 1924, I had occasion to make a rather extensive journey from the East to the West and from what I saw and from what I gleaned from statements made to me by those who were in a position to speak with authority I came to the conclusion that the people of the Dominion were as well-fed, well-dressed and well-dressed as any other people in the world."

"It is a matter of common knowledge that the wheat crop in Western Canada, though showing a yield per acre lower than for several previous years, realized a much higher price and with the present high levels for grain, livestock and dairy produce, there must be a distinct improvement in the position of the farmer, who has had somewhat difficult conditions to contend with of late, and this is bound to reflect favorably on all other activities in Canada."

"It is interesting to note that there has been a marked increase in the sums invested by Americans in Canada, and that no less a sum than 2,750 million dollars has been put into Canadian securities and enterprises. That fact alone shows that there is good reason for an optimistic view for the present year, and that there must necessarily follow a very great expansion in a comparatively undeveloped country like ours. Not only in agriculture, but in mining, lumbering and other fields must there be a considerable development, while in manufacturing there will be a steady increase following upon the establishment in the Dominion of branch factories of United States as well as British concerns. When men of the standing of Sir Vincent Meredith and Sir Herbert Holt, the presidents of the Bank of Montreal and the Royal Bank of Canada, financiers of proved worth state that they were never more optimistic in regard to the future of Canada than they are today; one may rest assured that they have good grounds for their opinions."

"I cannot forget that our country has shown wonderful capacity in the past, not fail to believe in the future. It is only necessary to reflect upon the share she took in the Great War, her contribution to the effort of the Dominions by placing an armed force of over five hundred thousand men and her advance of over a thousand million dollars to the Treasury here to carry on the struggle. These are facts which remain in the memory and make one convinced that a country possessing such resources must continue to march in the same stride of progress as she has done in the past."

Peter C. Larkin,  
High Commissioner for Canada.

## GIVE AND TAKE

Newly married couples always decide to be tenderly considerate to one another, but as their rival selfishness immediately begins to create friction, the husband, with his usual courtesy and foresight, very soon withdraws from the contest and gracefully leaves his wife in a monopoly of unselfish devotion. That is why so many couples get on so well together, and it is a fine tribute to the tact and good management, not to mention foresight, of the husband. The process is usually called give and take.—"More Man."

## FACTS ABOUT TEA SERIES—No. 1

## Tea as a Beverage

Tea first became known in China nearly 3000 years before Christ. In that country tea was greatly prized, both for its remarkable qualities as a beverage and for the almost religious ceremony attached to the drinking of it. Up to the sixth century, tea was used only for medicinal purposes. Even in the seventeenth century it cost \$25.00 to \$50.00 per pound. All tea caddies were constantly kept under lock and key. Today when even fine quality like "SALADA" costs less than one-third of a cent per cup, it is not surprising that the consumption of tea is increasing tremendously.

**"SALADA"**

The Newer Things In  
MEN'S FURNISHINGS

## SHIRTS

What a fine selection is here. Our Spring Showing embraces the newest in Men's Shirts—Livisca, Broadcloths and Fine Zephyrs. \$2.25 to \$5.00.

## TIES

It seems as if the designers outdid themselves in this presentation, which includes a fine selection of both foreign and domestic Ties. Stripes, Polka Dots, and Figured effects will be featured strongly. 50c to \$1.50.

## THE LAWSON STORE

ADVERTISE IN THE PAPER READ BY ALL THE PEOPLE IN THE DISTRICT

Did You Ever  
Stop to Think?

THAT home business institutions that are helping to pay for the maintenance and improvements of the city are entitled to the trade of the people of the home town.

THAT outside business concerns do nothing towards the improvement of the home town.

THAT buying away from home when you can get better service and as good values at home, should be universally discouraged. Every dollar and every activity should be united to make the business of the home town better. Now is the time for us to get busy and make local business better.

THAT everyone of us should take an active and positive stand on all things that go to make local business better.

THAT we all should take a mental inventory and find out how we stand in ability and honesty of purpose and willingness to make Wetaskiwin better and bigger.

THAT no man is a success who only enriches himself. The man is a success who enriches the community.

THAT there is only one town in the world in which to live and prosper and that is the town in which you live.

THAT a good way to boost the home town is to buy from the local business concerns who advertise in local papers.

THAT local advertisers are the people who lead in the things that keep a town moving forward in the march of progress.

UNRESERVED  
AUCTION SALEHORSES, CATTLE, MACHINERY &  
HOUSEHOLD EFFECTS

## MILLET

The Ladies' Aid of the United Church are planning to hold an April Sale, a sale of home cooking, and an afternoon tea, in Millet, on Saturday, April 11.

The Sunday school in the United Church, Millet, will be held at 11 a.m. on Sunday, instead of at 2 o'clock in the afternoon.

The service held at the home of Mr. Von Arx, West Liberty, on Sunday last was well attended and appreciated. It was decided to hold the next service at the home of Mr. Samuel Hopping.

The Community Hall was crowded on Saturday last when A.P. Mitchell held a miscellaneous Auction Sale. The country is evidently in a much better financial condition than it was a year ago, if one can judge from conditions that pertain at the sales.

Mr. Fraser is a busy end-teaching man these days. He is improving his town block by adding another large window to the front of the restaurant. He has purchased a five acre lot in the southern part of the township on which he is building another house, and we hear plans are made to build a new house for his family during the coming summer.

House accommodation is at a great premium in Millet. Four or five families would like to move to town, to be with their husbands, but there are not homes available. There is a splendid opportunity for an enterprising man to build a few cottages for rent.

## Wheat Shipments

Wheat shipments from the Alberta divisions of the two transcontinental railway companies for the 1924-25 season have totalled to date approximately 53,841,000 bushels. Making allowance for the shipment of wheat from Saskatchewan points on the Alberta divisions, the total for Alberta would be approximately 48,000,000 bushels. The largest shipments have been made from the Lethbridge division, which comprises the greater part of southern Alberta and from which division the wheat shipments have totalled to date 29,400,000 bushels.

## BEAUTIFUL HANDS

Many years ago a ruler issued a command for all women of the peasantry to meet on a certain day and pass in single file before the throne, and the one having the most beautiful hands was to receive a handsome prize.

The day arrived, and with it the women. Some had hands beautifully white with jewels, others white and soft, showing great care, some smooth, but browned with work. One woman wore black gloves; she was ordered to step aside. After all had passed, she was called. She came forward trembling in every limb.

When she faced the ruler, he said: "How dare you come before me upon such an occasion with gloved hands?" She replied: "Several years ago my husband died, and when I looked upon the pinched faces of my children and thought of the scanty larder, I cried in my grief 'What shall I do?'"

voice said to me, 'Whatever your hands find to do, do it with all your might.' That comforted me. I arose from my knees, looked at my hands, and went out to find what they could do, and you see they have found plenty." And withdrawing her gloves she showed hands blackened and rough with toil. "I was commanded to come. I knew I could not win the prize, and dreading the jeers and the taunts of the more fortunate, I wore my gloves." Clapping the offending members and falling upon her knees,

she cried: "Will my lord forgive?" With a smile and wave of the hand she was forgiven and dismissed. The next day the prize was awarded to the little widow, for said he, "A hand blackened and rough with toil for those we love is more beautiful than one whitened by selfish idleness."

Let us remember this and try to have beautiful hands.

## COMMUNICATIONS

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

The Proof of The Pudding . . . Editor, Wetaskiwin, Times:

Dear Sir—It is now possible to say where the truth was as between the Prohibitionists and the Moderationists when each were making prophecies regarding the probable increase or decrease in crime.

The Moderationists have the satisfaction of now knowing that they are entirely justified in the action they took in this regard, by the actual figures, recently made public, which show a gratifying decrease in the number of these in duration, in both the provincial jails in this province, and the penal institutions throughout the Dominion.

At the end of the fiscal year, March 31, 1924, there were 2,486, at the end of the year 2,225 inmates of the Dominion prisons, a decrease of 261.

The average daily population of the provincial jails decreased by 11 from 294 to 283.

These figures go to show how well meaning people can be misled by too much enthusiasm on a question having a wider application than can always be seen by those who adopt for themselves limitations, and who cannot or will not extend their own vision beyond the limits of that which is given to them by zealous and sometimes bigotted advocates of well-sounding panaceas.

Yours sincerely,  
J. H. Hodson.

The name and figures on your label tell you the month and year your subscription is paid up to.

## WE DO NOT CARE

We do not care what the world may say  
If those whom we love are true;  
We do not mind the toll of the day  
If we know in the dusk and the dew  
There waits someone who will welcome us

As we come home to rest—  
Some friend who will say, "Dear heart I know  
That today you have done your best."

We do not mind if the thorns are sharp,  
Or the pathway is rough and steep,  
We do not mind if we plow and sow  
For others to come and reap,  
If we can but hear, when the twilight comes,  
The glad voice of the one we love.

For the heart don't care what the world may say  
For 'twas ever and always the heart's own way

To long for the love and rue,  
You forget the gain, the loss, and the pain  
That tortures your pulsing breast,  
If there's one who always, in sweet blind faith,  
Can say, "You have done your best."

The publicity branch of the provincial government is now broad casting each week, from the radio station of the Edmonton Journal, instructional talks on the province of Alberta. Three of these talks have now been given. They are broadcast each Thursday evening at ten o'clock.

## DITS PICKED UP

An absent minded man who found early rising difficult, bought an alarm clock. At six the next morning he was roused by a terrific knocking at his front door. When he opened it he was confronted by a policeman, who exclaimed sternly: "This won't do; you must not annoy the neighborhood. Take it inside." And he handed the new alarm clock to its owner. "Ah," said the crestfallen householder, "I wondered how the milk bottle came to be at my bedside!" "I say, cook," said five year old Marjorie, who was feeling hungry, "let's play I'm an awful looking tramp. I'll ask you to give me a nice piece of pie, and you get frightened and give it to me."

"Has no one called during my absence?" said the doctor to his page-boy. "I left this plate her for callers to write their names on, and it is perfectly clean." "Oh, yes, sir," and answered the page. Lots of people came and the slate got so full of names that this morning I had to rub them all off to make room for more!"

## SHELTER FOR THE GARDEN

Assurance may be given that for the most successful growing of horticultural crops—fruits, vegetables and flowers—on the open Canadian prairie protection from the strong and cold winds is essential. Shelter protection benefits these crops to a large degree, says Experimental Farm Notes.

The Morden experimental station, with the exception of a row of large box elder and green ash and cottonwood trees around the old farm house, was open prairie in 1916. During that season, Caragana and willow hedges were planted generously. These have developed well, and afford, with other subsequent plantings of different materials, friendly shelter to most of the garden areas. However, each season's new plantings of vegetable crops and flowers are made in the open for comparison.

The following general observations have been noted at the Morden experimental station and at neighboring farmsteads:

1. Shelter is most desirable when found on all four sides of the garden.  
2. If there were but one material for garden shelter, the choice would be the Siberian pea tree, Caragana, abovecited.

3. The most effective shelter seems to be that afforded by rows of spruce trees. These are of rather slow growth in early life.

5c 25. Sold by all druggists, or mailed in plain  
pack, on receipt of price. New pamphlet mailed  
free. THE WOOD MEDICINE CO., TORONTO, ONT.

## Provincial Weekly News Bulletin

**Mineral Production in Alberta**  
Mineral production in Alberta total-  
ed in value \$22,749,662 in the year  
1924, according to the preliminary re-  
port of mineral production issued by  
the Dominion Bureau of Statistics.  
This is a decrease from the production  
of the previous year, accounted for  
chiefly by the coal strike during the  
early part of the year. Alberta in  
1924 dropped to fourth place in mineral  
production in the provinces, having  
previously held third place. The  
figures on value of mineral production  
in the province for the past three years  
are as follows:

1922	\$27,572,136
1923	31,287,536
1924	22,749,662

Coal production for the year was  
valued at \$15,013,309 compared with  
\$28,018,303 in 1923. Clay products  
were valued at \$529,531 compared with  
\$509,565 in 1923.

Alberta runs a very close second to  
Ontario in the production of natural gas.  
Alberta's production in 1924 hav-  
ing been 7,100,000 thousand cubic feet  
while Ontario's production was \$7,422,  
512 thousand cubic feet. These two  
provinces produce almost the entire  
Canadian production of natural gas.

Alberta's production of lime in 1924  
was valued at \$36,126 and the production  
of stone at \$19,317 in 1924.

Since the year 1914, a total of 531  
tons of tar sands have been taken out  
of the deposits near McMurray for  
experimental purposes. The total im-  
portation of asphalt into Canada was  
18,700 tons in 1924.

## Beekeepers Organize

The beekeepers of Southern Alberta  
held a meeting recently and organized  
the Alberta Beekeepers Association.  
There are now nearly 200 beekeepers  
in the province and last year some  
55,000 pounds of honey was produced.

## New Statistics Book

A new booklet has been issued by  
the publicity branch of the department  
of agriculture vividly describing  
by charts and statistics the develop-  
ment of the province in agriculture  
and in other lines since its inception  
in 1905.

## Broadcasting Alberta Talks

The publicity branch of the provin-  
cial government is now broad casting  
each week, from the radio station of  
the Edmonton Journal, instructional  
talks on the province of Alberta.  
Three of these talks have now been  
given. They are broadcast each  
Thursday evening at ten o'clock.

## Wheat Shipments

Wheat shipments from the Alberta  
divisions of the two transcontinental  
railway companies for the 1924-25 sea-  
son have totalled to date approxi-  
mately 55,861,000 bushels. Making al-  
lowance for the shipment of wheat  
from Saskatchewan points on the Al-  
berta divisions, the total for Alberta  
would be approximately 55,000,000 bu-  
shels. The largest shipments have  
been made from the Lethbridge divi-

OFFICIALS SPENT \$10,618  
ON TRAVELLING EXPENSES  
OUTSIDE THE PROVINCE

Edmonton, March 27.—Thirty-eight  
officials of the provincial government  
spent a total of \$10,618 outside the  
province during 1924 on departmental  
business and spent \$16,510 on travel-  
ling expenses, according to the return  
tabled in the house yesterday by Pre-  
mier Greenfield in response to a query  
from T. C. Milnes, Clarendon.

This total does not include any of  
the trips of the cabinet ministers, be-  
lieve continued to departmental officials,  
who attended conventions, investigat-  
ing marketing conditions, educational  
systems and in various other ways re-  
presented the province in other parts  
of the country.

Five of the officials submitted writ-  
ten reports to the government on the  
result of their trips, the return show-  
ed.

## BRINGS HAPPY EASE

Don't Endure  
Pain—Apply  
**MINARD'S**  
—The remedy your  
grandmother used  
to get sure relief.

On Sale Everywhere  
**MINARD'S**  
"KING OF PAIN"  
UNION BOND  
Yarmouth, N.S.

A GOOD THING  
RUB IT IN

sion, which comprises the greater part  
of southern Alberta and from which  
division the wheat shipments have  
totalled to date 59,400,000 bushels.

DOUBTFUL NOW  
IF RESOURCES  
COME IN 1925

Ottawa, March 27.—It is doubtful if  
legislation is brought down this ses-  
sion ratifying the transfer to Alberta  
of its natural resources. The princi-  
ple of retaining these resources and  
the financial allowance which is to be  
made have been settled by a report of  
O. M. Biggar, K.C., counsel of the Jus-  
tice department, which has just been  
received, discloses a great many dis-  
cussions which have to be adjusted. For  
instance there are questions such as  
the Hudson's Bay lands in relation to  
provincial resources, the school lands  
trust, forest reserve, Indian reserves,  
mineral rights in dominion parks and  
several questions subsidiary.

A new conference between the Do-  
minion and Alberta authorities will be  
necessary and the negotiations may be  
protracted.

Having regard to the rather con-  
tentious character of the legislation,  
judging by the attitude indicated by  
some other provinces, doubts are en-  
tertained whether the ratifying legisla-  
tion will be proceeded with this ses-  
sion.

## LOSES AN ARM

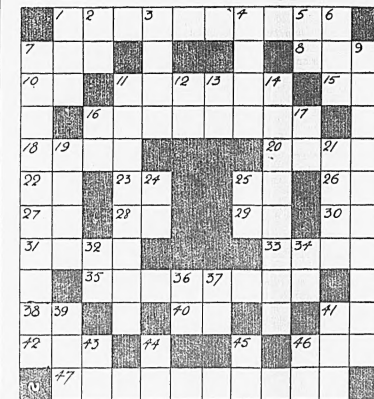

Leduc, March 25.—While working at  
a saw mill on Wednesday, John  
Squance, aged 29, son of W. R.  
Squance, of Telfordville, had his left  
arm so badly cut that it had to be  
amputated later. Young Squance  
slipped while taking slabs from the  
back end of the saw, and the "dog" on  
the carriage caught his sleeve and  
drew him into the teeth as it returned.  
He was rushed to Leduc, accompanied  
by Dr. Haworth, and taken to Edmon-  
ton on the night train where it was  
found necessary to amputate the arm  
at the elbow.

P. A. Miquelon, of Wetaskiwin,  
grand organizer of the Benevolent  
and Protective Order of Elks, was a  
visitor in town this week, and hopes  
to have an Elks' Club started in Leduc  
in the near future.—Representative.

## Cross-Word Puzzle No. 5

## SUGGESTIONS FOR SOLVING CROSS-WORD PUZZLES

Start out by filling in the words of which you feel reasonably sure.  
These will give you a clue to other words crossing them, and they in  
turn will clue others. A letter belongs in each word square, words start-  
ing in the numbered squares and running either horizontally or verti-  
cally, or both.

## KEY TO CROSS-WORD PUZZLE

- |  |                                      |
|--|--------------------------------------|
| 1 Given as security                        | 1 Divide                             |

PREVENT RASH YOUTH  
HASTENING TO ALTAR

Edmonton, March 20.—In a new  
marriage act which George Hoadley,  
minister of health, stated to the legis-  
lature, will shortly be introduced in  
the house, more safeguards will be  
provided against hasty marriages of  
young couples.

At least, this was the inference  
from the announcement of the minis-  
ter given in reply to objections raised  
by W. T. Henry, Edmonton, that it was  
entirely too easy at the present time  
for young people to obtain a license  
from the provincial registrar and have  
the marriage ceremony performed be-  
fore parents knew what was happen-  
ing.

Mr. Henry suggests that a longer  
period of time should elapse after the  
license is obtained from the registrar  
and the marriage rites are carried out.  
Mr. Hoadley said this would be met  
by provisions in the new marriage act.

GET RID OF THE COUGH  
THAT STICKS

You Can Do This By Using  
**Dr. Wood's  
Norway Pine  
Syrup**

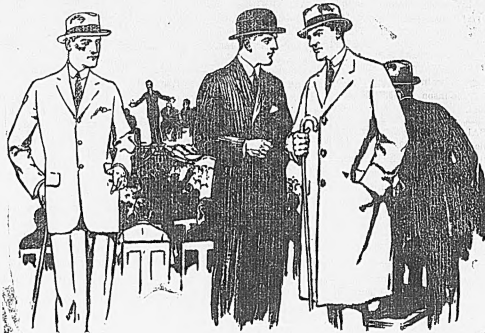

Some colds and coughs seem hard  
to shake off; stick right to you in  
spite of everything you do to get rid  
of them, but cannot.

These are the kind that are danger-  
ous; the kind that weaken the lungs;  
the kind that allow the germs of con-  
sumption to get a foothold in the sys-  
tem.

Many a life history might read dif-  
ferently, if, on the first appearance of  
a cough or cold, Dr. Wood's Norway  
Pine Syrup had been taken, as it con-  
tains all the lung healing virtues of  
the "Norway Pine Tree" with which  
is combined the soothing, healing and  
expectorant properties of other ex-  
cellent herbs and barks.

Mr. John E. Lulloff, Golden Lake,  
Ont., writes:—"Last year I had a  
cold, and a cough which seemed to  
stick on my chest. I tried different  
preparations, but they did not seem  
to help me any. I was advised, by a  
friend, to try Dr. Wood's Norway  
Pine Syrup and when I had taken a  
few doses I began to feel that it  
was doing me good, so I kept at it  
and inside of a week I was relieved  
of my trouble."

There is only one Norway Pine  
Syrup and that is "Dr. Wood's." Be  
sure and get the genuine. Put up only  
by The T. Milburn Co., Limited,  
Toronto, Ont.

CLOTHES THAT HELP  
YOU ENJOY SPRING

There is nothing like a fine Suit or Overcoat, together  
with the accessories, to put the pep into a man's step.  
And here are such clothes—direct from the leading mak-  
ers, with style as new as news.

Gaberdine Coats, \$17.00, \$18.00, \$21.00, \$26.00, \$30.00

## MEN'S NEW SUITS

Men's New Suits, \$26.00, \$32.00, \$35.00  
There is a splendid range to select from.

## The Lawson Store

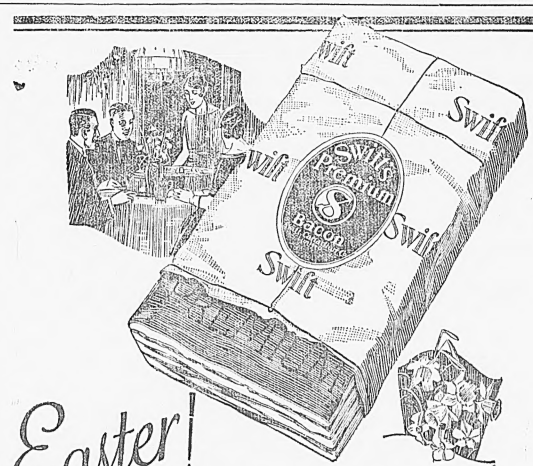

## NEARLY SCORED A TIE

Official returns of the local option  
vote at Gahnah, as received by the  
government's chief election officer,  
show a majority of one against a beer  
license, the vote being 26 to 25.

There are the names of 29 men vot-  
ers and 29 women voters on the list.  
Of these 26 men and 26 women voted.  
A tie was escaped only by reason of  
there being one ballot rejected by the  
returning officer.

## BREAK THROUGH ICE

Arthur Klimp and Frank Dumont  
made a trip the first of the week to  
Wetaskiwin and the Rodberg ranch  
in the Gwynne district. On the return  
trip, while on the winter trail across  
Bittern Lake, one of the horses broke  
through the ice and was saved only  
after great difficulty. It is stated  
that eight teams have broken through  
the ice lately and that the trail is no  
longer safe.—Canadian.

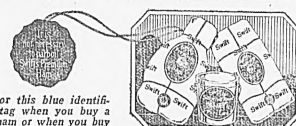

**Easter!**

## Swift's Premium—The National Breakfast

In thousands of homes in Canada, Swift's Premium, as the world's  
highest standard of quality, is served all year round. But for Easter  
Morning this supreme quality Bacon has an added appeal—Swift's  
Premium has become almost the national dish on this bright feast  
day—when nothing but the best is adequate.

If you have not experienced the delicious flavor and uniform good-  
ness of Swift's Premium—this coming Easter Morning would be a  
fitting occasion on which to try it.

## Swift's Premium Hams and Bacon

Look for this blue identi-  
fication tag when you buy a  
whole ham or when you buy  
a slice.

Be careful to get Swift's  
"Premium" when you buy  
Bacon or Ham—make sure  
it is this coming Easter  
Morning. Order from your  
Butcher or Grocer.

Swift Canadian Co.  
Limited

## Debate Health Protection Provincial or Local Duty

Edmonton, March 27.—Whether the province or local governments was a source of local health protection was the subject of a debate in the legislature last night while the house was considering estimates from provincial health departments.

C. R. Mitchell, opposition leader, opposed maintaining a staff of public health inspectors, contending that such work was an obligation which should be met by local authorities. He asserted that the present government had not taken measures when coming fresh into office to reduce the cost of departmental administration; the expenditure had been increased instead. It was a shame, he thought, that a government with such exceptional opportunities, a huge majority and a super-loyal following in the house, had not put an end to old forms of paternalism which the former government, by reason of its long tenure of office, could not shake itself free from.

S. Brown, High River; P. M. Christophers, Rocky Mountain; Fred White, Calgary, and Mrs. Nellie McElang, all took exception to the arguments of Mr. Mitchell in regard to health being a charge upon local authorities. They claimed it was a direct responsibility upon the state and were only sorry that the government was gradually reducing the vote for health inspectors rather than increasing it.

Mr. Mitchell moved to reduce the vote for sanitary inspectors from 55,000 to 53,000, this being lost. He moved that the item of \$10,000 for travelling expenses for these officials be cut to \$7,000, but this, too, was voted down.

For the central Alberta sanitarium, \$55,000 was voted. R. C. Marshall and P. White, Calgary, drawing the attention of the house to the fact that Mr. Howland, to the fact that many people came into Calgary for a short time before going on to the sanitarium for treatment and registered themselves as Calgary citizens and thereby incurring a liability for the city. Speaking of the sanitary conditions in the province, Mr. White said there were probably over 4,000 cases in need of treatment and he wanted to see the work extended as much as possible.

## PRAIRIE SUMMER RESORTS FEATURED IN NEW COCKLET

Outside of the prairie provinces themselves, the idea has prevailed for years that within the borders of Manitoba, Saskatchewan and Alberta, there was little to be found in the way of watering places where visitors to this country could find it worth while to stop off and enjoy themselves for a day. And until the present year little has been done to offset the growth of such an erroneous idea.

This year, however, as part of its summer tourist campaign, the Canadian National Railways system has issued a new booklet under the title of "Summer Resorts, Manitoba, Saskatchewan and Alberta," which will do much toward bringing the beauties of these provinces to the notice of people both at home and abroad.

## HUDSON'S BAY LANDS

During the past ten years the Hudson's Bay Co. has been granted by the Dominion 95,000 acres of land in the west, 22,236 acres under the terms of surrender, Dominion Lands Act, and 44,516 acres under exchange account under the same act. The Hudson's Bay Co. has been one of the fortunate survivors of the nineteenth century financial institutions. Of its total stock of \$2,000,000 one hundred years ago, it was figured that only \$50,750 had been paid in cash, while in 1857 its gross profits since its organization were estimated at \$100,000,000. Since that time, due to the sale of its land and other valuable holdings, the profits of this company have been so great as to be beyond computation in dividends on paid-up capital. Mr. Campbell told parliament.

## Stomach Trouble DYSPEPSIA Banished By Using

## BURDOCK BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N.B., writes:—"I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try Burdock Blood Bitters, and after having taken several bottles I was completely relieved of my trouble. I can now eat anything I wish to, thanks to B.B.B."

This preparation is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## TOWN TOPICS

Good Friday, April 10th; Easter Sunday, April 12th.

Mrs. Ford left this week for Claremont, where she will spend some time with her daughter, Mrs. Trout.

The Peace Hill Chapter, I.O.D.E., will hold a "Violet Tea" and food sale, in the Elks' home, on Saturday, April 11.

The Ladies' Aid of the Methodist church have under preparation the play "Martha Made Over." Watch for announcement shortly.

Mr. and Mrs. A. J. Taylor, of Wetaskiwin, were week-end visitors with Mr. and Mrs. W. L. Taylor, Representative.

The Swedish Lutheran Ladies' Aid will meet at the home of Mrs. Chas. Condie on Wednesday, April 8, at three o'clock.

The Scandinavian Hospital Aid will meet at the home of Mrs. John Asp, on Tuesday afternoon of next week, at 3:30.

A dance will be held in the Elks' Hall on the evening of April 12th, Easter Monday, under the auspices of the Kiwanis Club.

Miss West, of Calgary, will address the women of Wetaskiwin on "Home Nursing" on April 10th. Further particulars next week.

Miss Gwyneth Wilkins was at Edmonton over the week-end attending the wedding of her friend, Miss Dawson, to Mr. Bradley.

The Knox Church Girls' Mission Band are planning to hold a Caranation Tea and Sale on May 9, the Saturday before Mothers' Day.

W. H. Frihance, recently of Coronation, agent for the North American Life Assurance Co., arrived in the city a few days ago, to take up his residence.

The Ladies' Aid of the Methodist church will meet in the church parlors on Wednesday afternoon, April 8, at 2:30. It is requested that all dues be paid.

The local dealers have received copies of the new regulations respecting the grading and shipping of eggs, with a notification that the regulations will be strictly enforced this year.

Word has been received from C. Nelson that he reached Rochester, Minn., and that he suffered no ill-effects from the trip. He had not yet been examined by the doctors.

The W.M.S. will hold their annual Thankoffering service on Easter Monday from three to six in the Methodist church. Mrs. Ash, of Edmonton will give one of her excellent addresses.

Mrs. A. L. Elliott was elected a member of the provincial W.M.S. Board at Edmonton, last week and was honored with the appointment of secretary of the C.G.I.T. and W.A. branch of the work.

P. J. Klaus has leased his farm in the Bears' Hill district to Ed. Hall of Loughed, who takes immediate possession. The deal was made on account of the ill health of Mrs. Klaus, who, we understand, is leaving shortly for California on an extended visit.

## BUSINESS LOCALS

\*\*\*The Bargains at Reed's Sale, near Telephone building. Come and see!

\*\*\*Don't forget to secure your Easter Decorations from the Alberta Music Store, while listening to the latest records.

\*\*\*Friday and Saturday of this week at the Angus "The Man Who Came Back," in nine reels. This is one of the outstanding 1925 paper specials, featuring George O'Brien and supporting cast. We recommend this picture to our patrons. Admission 10c, 30c and 50c.

\*\*\*The W.C.T.U. sale of towels and unbleached articles will take place at the City Bakery on Saturday, April 4, at 3 o'clock. Tea will be served and home cooking will also be offered for sale. Articles for sale must be left at the home of Mrs. Merner on or before April 3rd.

## WANTED JUDGE CHALLENGED

A young lawyer was appointed to defend a negro who was too poor to hire counsel of his own. After the jury was in the box the young lawyer challenged several jurymen who, his client said, had a prejudice against him. "Are there any more jurymen who have a prejudice against you?" whispered the young lawyer. "No, boss, de jury am all right, but now I wants you to challenge de judge. I has been convicted under his several times already, and maybe he is beginning to hab a prejudice against me.
